Question 3 (8 marks)

The Museum of Photography in New York City has created the following plan for an exhibition on major battles of the Second World War. Since you are a frequent visitor to the museum, you have been asked to provide feedback on the initial plan to determine if the exhibition will be of interest to your local community.

This media is interactive

Click on Next page or Previous page icons to see their plan.

Question 4 (12 marks)

You have just completed a unit on peace and conflict in school. Your teacher has asked your class to organize an exhibition based on the unit's statement of inquiry.

Statement of inquiry: Peace agreements create change for communities.

In preparation for your exhibition, answer the following questions.

Question 4a (2 marks)

Formulate a clear and focused research question to investigate the statement of inquiry.

Question 4e (2 marks)

Introduction: Review the 10 IB learner profile attributes shown in **Source A**.

Source A

IB learner profile

The aim of all IB programmes is to develop internationally minded people who, recognizing their common humanity and shared guardianship of the planet, help to create a better and more peaceful world.

As IB learners we strive to be:

- | | |
|------------------|----------------|
| 1. INQUIRERS | 6. OPEN-MINDED |
| 2. KNOWLEDGEABLE | 7. CARING |
| 3. THINKERS | 8. RISK-TAKERS |
| 4. COMMUNICATORS | 9. BALANCED |
| 5. PRINCIPLED | 10. REFLECTIVE |

The IB learner profile represents 10 attributes valued by IB World Schools. We believe these attributes, and others like them, can help individuals and groups become responsible members of local, national and global communities.

Question 5 (18 marks)

Various development indicators such as GDP have traditionally been used to measure the growth of a country's economy.

More recently, other indicators of development such as HDI have been created to better understand the quality of life in a country.

Source B illustrates different aspects that may be considered when measuring quality of life.

Source B

In preparation for an upcoming youth conference, you have been given the task of persuading the audience of the importance of improving quality of life for all.

With reference to your MYP studies, write a persuasive speech to **explain** why a country or region may need to improve the quality of life for its population.

In your speech, you must:

- select **one** of the three indicators listed in **Source B** to show how a country or region's quality of life may be improved
- provide a title
- make a call to action
- consider your audience.

Question 6 (6 marks)

Water stress occurs when the demand for safe water is greater than the amount available in a country or region.

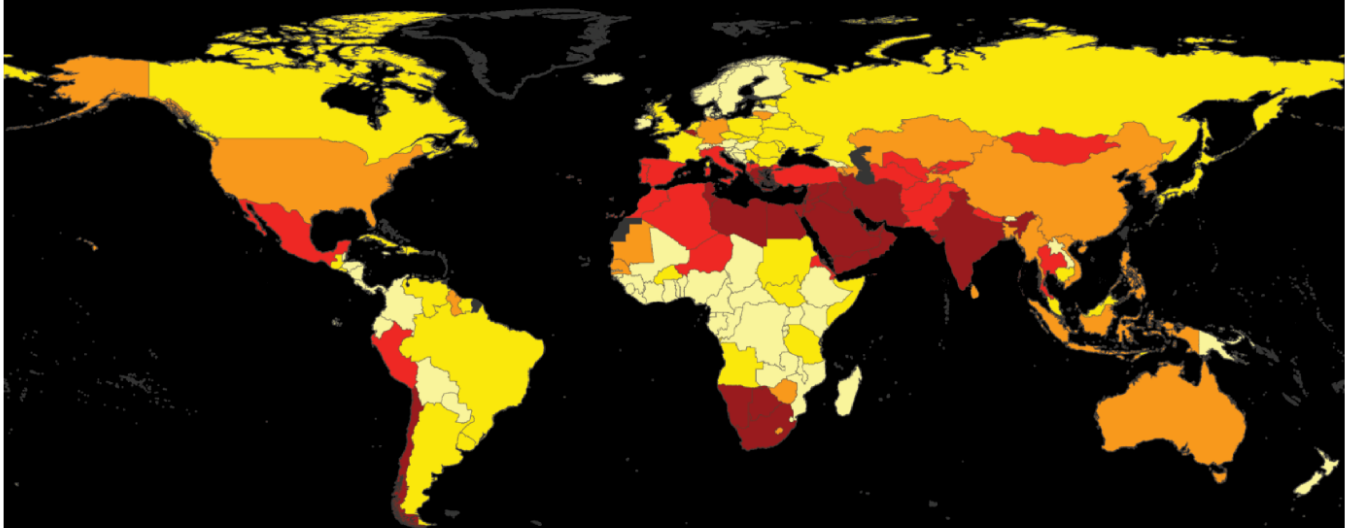

Look at **Source C** below, a map by the World Resources Institute, and answer the questions that follow.

Source C

Global Water Stress*

Level of water stress

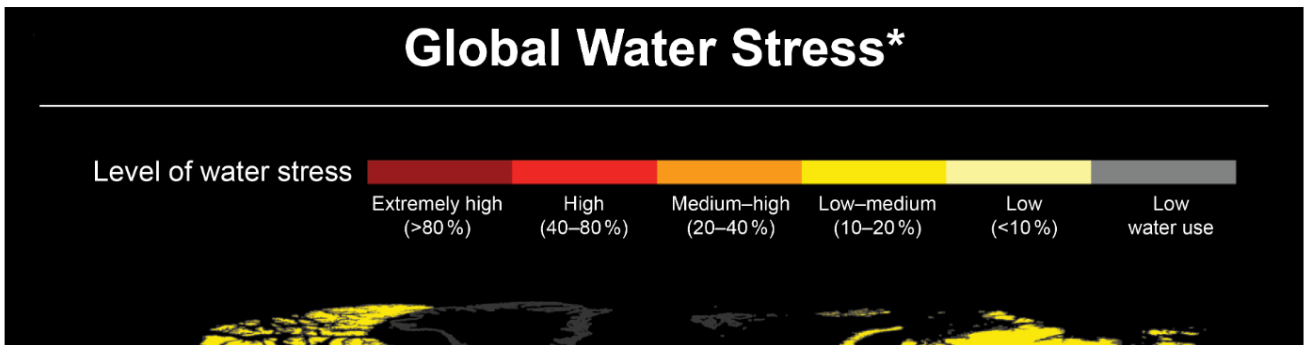

*Water stress: when demand for safe, usable water in a country exceeds the supply

Question 7 (2 marks)

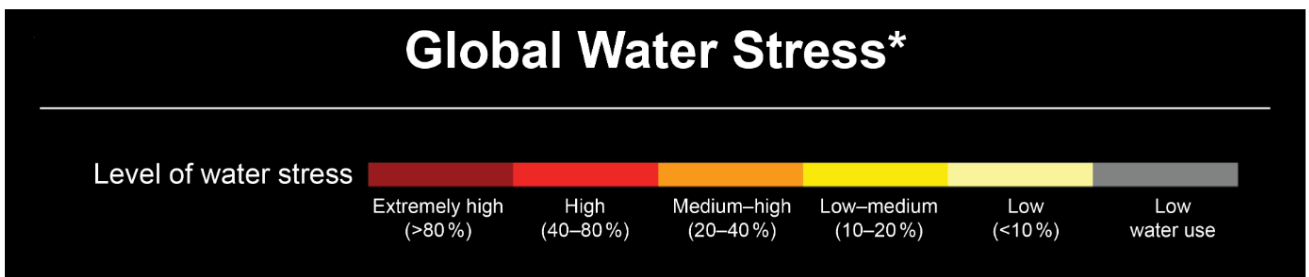

Source C is repeated here for information.

Question 8 (4 marks)

Source C is repeated here for information.

Question 9 (24 marks)

Write a well-structured essay in response to the following question:

To what extent can technological advances impact natural environments?

In your essay, you must:

- reference **at least one** biome
- consider different perspectives.

You **cannot** include the topic of water stress due to its use in the previous questions.
